Books, Tapes and Gifts for body, mind and spirit.

The Higher Self Book Store is a New Age, New Thought, Metaphysical entity that offers the opportunity for personal growth, healing, enlightenment, knowledge, intuition development, health and well-being, along with materials and merchandise that supports one's path, belief system, awakening and rebirth.

It is a meeting place, a resource center and a school. But the best way to "really know" something is to experience it. I want people to come here, take their shoes off, stay awhile, get grounded - or get high, naturally. Come experience the Higher Self.
